profile.txt - Notepad

I'm Dave, a senior video producer, passionate about storytelling, client management and delivering high-quality productions, on brief and on budget.

Previous clients include Disney, BMW, Honda and British Airways. I'm experienced in client management, creative direction and overseeing production from conception to delivery — keeping stakeholders updated and managing schedules and budgets. I'm the creative producer for Munya Chawawa's production company, Munz Made It, responsible for development and production of all his series and commercial formats.

I've produced across platforms from broadcast VTs to TikToks — scripted, non-scripted and online sketches — with big-name talent including Alison Hammond, Stacey Solomon, AJ Odudu, Paddy McGuinness, MistaJam, Niall Gray, Chris Moyles, Johnny Vaughan, Susan Calman, Kelly Brook and the Jonas Brothers, planning around tight schedules and turnarounds. I have a wealth of production and post-production contacts, and have shot in Trinidad & Tobago, Grenada, Austria, France and Germany.

awards.txt
